

You are looking for work? We improve your chances.

Support and education for integration into the labor market

Individual coaching for employable people with and without a migratory background, if required we provide a translator.

Do you need individual professional support on your way to training or a job?

Our qualified coaches will work with you to determine how you can achieve your goal. Find out what fits your needs, what you can contribute and what help do you need. Benefit from our experience and our extensive network.

We will be happy to provide you with detailed information before the start of the coaching session. Please contact us. We look forward to seeing you.

We provide support:

- for career choice and application
- for internships, training and job searches
- for general social affairs
- in processing official mail
- for recognition of foreign professional qualifications
- through face-to-face individual coaching
- up to 5 units possible as online coaching
- at least two times a week
- according to individual agreement
- if necessary with a translator

Details of the program:

- Analysis of your potential and obstacles for your entry into the training and job market
- Elaboration of a development plan with possible solutions for you, support options and career prospects.
- Help with your e-mail and online application process and with the creation of (digital) application documents.
- Preparation for your job interviews
- Placement with your potential training companies and employers.

Cost

The measure can be supported by an activation and placement voucher (AVGS). Please contact your job center or employment agency. This does not create any costs for you.

Period

- per appointment 1-3 units
- module 1: 39 units, 13 weeks
- if further support is required, continuation possible by issuing further AVGS
- Advanced module 2: 24 units, 8 weeks

Internship module (additionally individually selectable)

- Help with your search for companies for one or more internships and support during the internship.

* one unit equals 45 minutes
